

**Oregon Public Library
Teacher Collection Program**

The Teacher Collection program is here to help teachers and daycare providers find resources at Oregon Public Library and South Central Library System. For the best service, please give us 3-5 days prior notice to when you need them. Otherwise, we might not have the staff available to handle the request. If given more time we can request useful materials from other libraries. Please complete the form and return to the Information Desk at the Oregon Public Library. **There is a limit of five holds requests per topic. If you need more please talk to staff.**
