

iPad-

Downloading free Kindle eBooks via Overdrive (Dec. 2011)

1. Click on the App store icon
2. Search for Overdrive Digital Media, and download the free app to your iPad.
3. Open Overdrive. The first time you open it, there will be a message directing you to register with Adobe Digital Editions. Click on the link and follow the directions to register. Make a note of the ID and password you use.
4. Open the Oregon Public Library website, www.oregonpubliclibrary.org. Choose the "Digital Books and Audio" link on the left panel.
5. Choose the title you want. Our library system is South Central Library System. Enter your complete barcode number.
6. If the title is available, click on "Get for Kindle." You will then be directed to Amazon.com to redeem your public library loan. You may be required to login to your Amazon.com account -- or create a new account -- if you're not already logged in. Your credit card will not be charged for library loans.
7. If the title is not available, click on "Add to cart."
8. Choose to read the book on your Kindle device, free reading app, or Kindle Cloud Reader.
9. Your content will be available the next time you sync your device.

Note: Public library books require an active Wi-Fi connection for wireless delivery to a Kindle device. Library books will not be delivered via your Kindle's 3G connection. If trying to send to a Kindle device and do not have an active Wi-Fi connection, you may instead choose to load your library book via USB. Both Mac and Windows users can manage Kindle content through a USB connection. (Detailed instructions can be found on Amazon's website.)

Download epub or pdf eBook on iPad using OverDrive app

1. Turn on the Wi-Fi under settings
2. Tap the OverDrive App
3. Tap the Get Books button (upper right corner)
